Ladies' Misses' Children's Coats.

That we name such low prices on our Coats and Jackets is surprising to many. In response to the numerous

questions hinging on this point, we beg to explain that last May and June, when manufacturers were at their dullest, we placed large fall orders. Then we had Fall Garments made to our order at a saving of from \$2.00 to \$4.00 per garment. Ladies' Coats, \$5.00 to \$25.00. Misses' Coats, \$3.75 to \$10. Children's Coats, \$1.50 to \$9. All the new weaves at a saving to you of 25 to 35 per cent.

Latest Novelty In Furs.

Not Fur weather, perhaps, but Fur buying time. The offering we make consists of

Furs that we purchased at a time when we could control prices, and are much better value than we could procure now. All the best Furs are here, including Mink, Siberian Squirrel, Fox, Otter, Black Martin, Aus-

tralian Martin, Coney—at a saving to you of

25 to 35 per cent.

Clothcraft Belted Overcoats

Many people have the idea that a belted overcoat is the same as any other, the only difference being that it has a belt.

That may be true of the majority of belted overcoats, but it's NOT true of the Clothcraft kind.

They are cut on special patterns which allow the belt to draw without wrinkling the goods in the wrong place, tightening the coat or destroying its fit and shape in the least.

The style illustrated is the "Eton."

It's one of the snappiest coats ever produced.

Materials are the popular mixed goods, Cheviots, Tweeds, Freizes and Meltons. Come in and ask us to show you these coats.

Take the one you like at \$10 to \$35.

A Correct Shoe

A woman knows a woman's wants. She knows that with properly fashioned shoes she may almost defy criticism in an ill fitting gown. My shoes are properly fashioned and correct in every detail.

Rural Free Delivery.

The people of Jefferson county are now beginning to realize the advantages of rural free delivery. Three routes have been established recently and others are in progress. To secure rural free delivery it is necessary to get not less than a hundred signers, all of whom must be heads of families, on a route from twenty to twenty-five miles in length. The roads must be good, and there must be no unbridged streams on them. The route must be so arranged that the carrier will not be required to travel over the same road twice while making his daily rounds. Rural routes should, wherever possible, be supplied from a railway-supplied postoffice. To map out a route of the proper length and get at least one hundred heads of families to sign the petition involves considerable gratuitous labor on the part of some one in the community. But it is worth the effort, as it is a great convenience to the people in the rural districts, who can buy postage stamps, register letters and purchase money orders from the delivery wagon right at their doors. We have been urging the people of Jefferson county to petition for rural free delivery for the past two years, but they seem slow to take hold. The counties of Armstrong, Clarion and Indiana are full of rural free delivery routes and new ones are being established almost every week. If the conditions are right rural free delivery may be had for the asking, and it is abundantly worth asking for.—Punxsutawney Spirit.

Good Advice to Girls.

Here is some common sense advice given by a Missouri editor to the girls of his town: "Don't hang around the depot unless you are going away or are there to meet friends. Don't go to the postoffice and shove about in a miscellaneous crowd. Don't go to church and take a back seat with your escort, then whisper and giggle throughout the sermon. Don't be loud and boisterous and slangy. Stand on your dignity and don't form acquaintances quickly. Don't carry your heart on your sleeve and don't throw yourself into the arms of every good looking drummer or every well dressed stranger who comes to town. Be womanly, be modest, be thoughtful and serious at times; don't unsex yourself, and thus lose woman's sweetest charms."

Disastrous Wrecks.

Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from Throat and Lung troubles. But since the advent of Dr. King's New Discovery for Consumption, Coughs and Colds, even the worst cases can be cured, and hopeless resignation is no longer necessary. Mrs. Lois Cragg, of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all Throat and Lung diseases by H. Alex. Stoke, Druggist. Price 50c, and \$1.00. Trial bottles free.

THE STATE GRANGE.

J. T. Altman, Press Correspondent.

Michigan is one of the strongest grange states in the Union. The influence of the grange is felt and admitted by all parties. The State Grange has a strong Legislative Committee of 5 members among whom are the Master and Sec. of the State Grange. They are prompt and untiring in carrying out the instructions of the State Grange in legislative matters. One of the subjects receiving special attention this fall is reform in Primary Elections. The reform element demands a law providing for the nomination of Governor, Lieutenant Governor and members of the Legislature by a direct vote of the people. It is needless to say that the grange there favors this reform. Every candidate for legislative honors has been interrogated as to his position and the members of the grange over the state know where the different candidates stand. It is not in any sense a party question and no doubt many members of the order will rise above party and vote for or against men entirely on the ground of their position on this question.

Among the many good things that the grange is doing, it is the increasing ranks of independent voter.

The delegates to the National Grange are packing their grips and will be ready to start for Oregon on the first train after they have voted on election day. This is the most truly representative body of farmers that meets anywhere in the United States. They will go to the Pacific coast on the crest of the wave of prosperity, so far as the organization is concerned, and those who expect them to speak positively and clearly in the interest of agriculture will not be disappointed.

Of no less importance to the patrons and farmers of Penn'a is the coming State Grange meeting to be held in the city of Erie, Dec. 13-16. It promises to be one of the largest and most enthusiastic State Grange meetings ever held. If the plodding farmer, who has all his life never looked beyond his farm and the narrow limits of his little community, could spend at least a day in this meeting he would get such a revelation of the dignity of his calling and the possibilities before the American farmer as would be a revelation to him. Why should not every one of the more than 300,000 farms of the state be represented there? What respect would be paid to the utterances of such a body!

Not A Sick Day Since.

"I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad. of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of Rheumatism, Neuralgia, Liver and Kidney troubles and General Debility." This is what B. F. Bass, of Fremont, N. C., writes. Only 50c, at H. Alex. Stoke, Druggist.

Want Powder Plant Removed.

A large number of south-side citizens were in Brookville the first of the week, being called here as witnesses in an equity case brought by a number of citizens of the village of Cloe to compel the removal of the Mahoning Powder Company's plant from that vicinity. Argument in the case was heard before Judge Allison O. Smith, of Clearfield, in the absence of Judge Reed. The citizens of the village above named contend that owing to the numerous explosions occurring in and about the plant life is made very unpleasant and dangerous for them, and as they were first on the ground they are asking the court to oust the offensive intruder.—Brookville Republican.

Why You Should Visit the World's Fair.

The principal reason why a visit should be made to this greatest of Expositions is on account of its educational value. A visit to the World's Fair is in itself a trip around the world, for fifty cents, the price of admission. The president of one of our greatest universities has said "To the bright student the Exposition is worth a thousand college lectures." The opportunity of a life-time is afforded in which to acquire, by a few days' sojourn at the Fair, an education which could not otherwise be received. The World's Fair Grounds cover over 1,200 acres, being more than twice as large as those of the World's Columbian Exposition at Chicago.

Only a few weeks remain in which to take advantage of this great opportunity. Every day from now until the close of the Fair is a "special" day. The Wabash is selling daily excursions tickets to the Fair at greatly reduced rates: \$12.00 St. Louis and return, on sale daily, except Fridays and Saturdays. Tickets good in Palace Reclining Chair Cars; \$15.00, St. Louis and return. Tickets on sale daily, and good in either Palace Reclining Chair Cars or Pullman Sleepers. The Wabash operates through trains from Pittsburg to the World's Fair Main Entrance, all trains leaving the magnificent new passenger station, Corner of Liberty Avenue and Ferry Street, at 2.00 p. m. and 8.30 p. m. daily, City Time.

Detailed information regarding rates and train service, to St. Louis, as well as to many Home-seekers' points in the West, Northwest and Southwest, cheerfully furnished at Wabash City Ticket Office, 320 Fifth Avenue, Depot Ticket Office, Wabash Station, Pittsburg.—12-14-04.

Doesn't Respect Old Age.

It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age. Dyspepsia, Jaundice, Fever, Constipation all yield to this perfect Pill. 25c, at H. Alex. Stoke's Drug Store.
